

c. **Diamond: Warning**

These signs warn you of special conditions or hazards ahead. You may have to slow down, so be ready to take appropriate action.

d. **Rectangle: Regulatory or Guide**

Vertical signs are generally used to give instructions or tell you the rules of the road. In the horizontal position, the signs generally give directions or information.

e. **Pentagon: School and School Crossing**

The pentagon (five-sided) shape warns you of school zones and marks school crossings.

f. **Pennant: No Passing**

Indicates the start of a no passing zone.

g. **Round: Railroad Warning**

Used to warn that there is a railroad crossing ahead.

h. **Crossbuck: Highway–Rail Grade Crossing**

Identifies the location of a railroad crossing.

i. **Trapezoid**

Recreation and cultural interest areas and National Forest Routes.

### 3. Regulatory Signs

These signs provide notice to road users of traffic laws, and they must be obeyed.

a. **8-Sided Sign, White Letters on Red**

The Stop sign is the only 8-sided sign you will see on the highway. When you come to a stop sign, you must make a complete stop at the stop line. If there is no stop line, stop before entering a crosswalk. If there is no stop line or crosswalk, stop before entering the intersection. Before starting, you must yield the right-of-way to other vehicles and

b. **3-Sided Sign, Red Letters on White**

You will see no other signs of this shape on the highway. Slow down as you approach a yield sign. Look to the left and the right. Yield to pedestrians and vehicles. Once you have yielded to vehicles or pedestrians, you may proceed only when you can do so safely.

c. **Rectangular (4-Sided) Signs, Black on White**

These signs are used to regulate traffic. This particular sign tells you the maximum speed limit for the stretch of highway where it is posted.

d. **Other Regulatory Signs**

No Turn  
On Red
